

SMART. SAFE. RELIABLE HUNTING.

# HYTEK eSTAND

GRAY MATTERS ALLIANCE – BASE HUNTER MODEL

ELECTRIC TREESTAND LIFT SYSTEM

Whether you're a seasoned pro or a first-time hunter, the HyTek lift is engineered to give you the edge you need for hunting whitetails. With this lightweight modular unit, setup is effortless and allows hunting multiple locations. This game-changing system is revolutionizing the treestand experience. Offering the safest, most silent way to hunt from a tree, it's the ultimate tool for anyone looking to elevate their game.

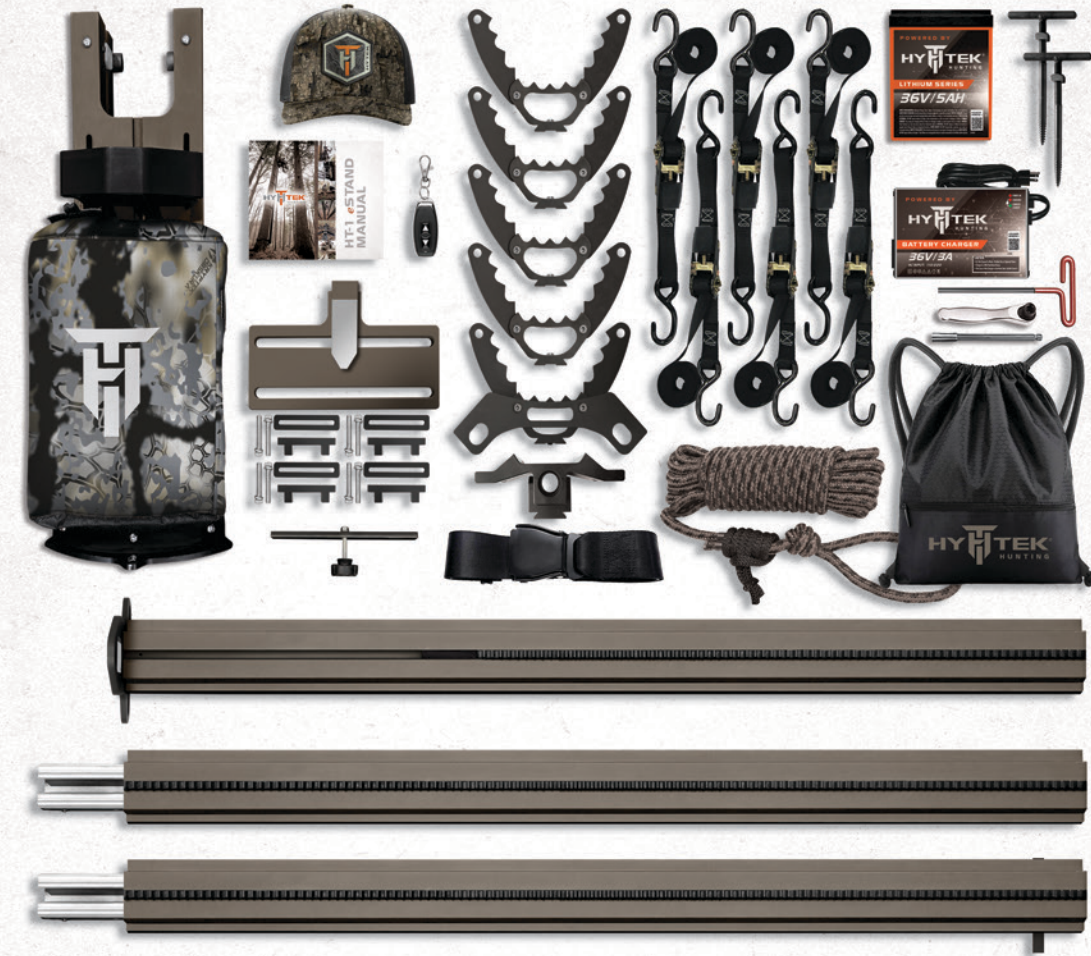

With ultra-quiet operation, you'll gain the stealth needed to dominate the field and outsmart whitetails this fall. Whether you're after trophy bucks or simply seeking the best hunting experience, this lift is your new advantage.

### HYTEK eSTAND SPECIFICATIONS:

- » The HyTek eDrive carriage & HyTek Rail system are made from aerospace grade Aluminum 6061 T6.
- » The HyTek eStand total weight ~ 95 lbs.
  - » HyTek eDrive weight ~ 45 lbs
  - » HyTek Rail system weight ~ 50 lbs
- » The HyTek eDrive is powered by
  - » 1 ~ 36v Lithium Ion Rechargeable Battery.
  - » Each Charge Powers the eDrive up to 40+ Up/Down Cycles.
  - » Battery & Charger Included ~ 1 Hour Charge Time.
- » The HyTek Base Hunter Model elevates you from 1' to 15' high.
  - » HyTek 5 ft Rail extension is available for 20' max height.
  - » HyTek Rail kits are available for setting up multiple hunt locations.
- » The HyTek eStand Lift Weight Rating: Max Weight Rating 300 lbs (DO NOT EXCEED the treestand manufacturers weight restriction.)

### HYTEK eSTAND OPERATION:

- » 2 PEOPLE ~ No Sweat Setup ~ 15-20 minutes
- » We provide a Life-line with every HyTek eStand system for 100% safety from setup to operation in the field.
- » Power the HyTek eDrive with a wireless remote control or the manual push button for up & down operation. Also provided is a manual crank-down tool if the battery dies at an elevated position.
- » The HyTek eStand battery powered motor operates ultra-quiet with little-to-no sound in the field.
- » With this lightweight modular unit, setup is effortless and allows hunting multiple locations with additional HyTek Rail Systems.

This HyTek eStand - Gray Matters Alliance Kit does include a treestand. We also provide a Universal Treestand Attachment Bracket for mounting recommended (Millenium, Muddy & Hawk Brands) hang-on treestand units.

We recommend only using a NEW hang-on treestand with our system. Millenium hang-on treestands integrate with the Hytek eStand system without needing the HyTek Universal Treestand Attachment Bracket.

### THIS PACKAGE INCLUDES THE ADDITIONAL FOLLOWING ITEMS:

HYTEK SETUP VIDEO >>

### HYTEK eSTAND SETUP:

- » We recommend setting up the HyTek eStand system to a semi-straight tree, similar to a climber stand.
- » This system is a modular system designed for ease of setup and operation. Hunt multiple locations with additional HyTek Rail systems.

- » The HyTek eStand is a One Person Setup Average Time / 15-20 minutes.
- » Setup Video found on our website.
